

# Managing Allegations Policy

NEWPORT COUNTY AFC

<b>Document type</b>	Managing Allegations Policy
<b>Updated by</b>	Shaun Bowden
<b>Signed off by</b>	Board of Directors
<b>Board review and agreement</b>	2025/26 Season
<b>Next review date</b>	2026/27 Season
<b>Version I.D.</b>	8

Newport County AFC is committed to ensuring that safeguarding is person-centred and outcome focused. We believe that children and adults at risk have the right to be heard and involved in decisions that affect them. We will strive to respond to their safeguarding situation in a way that enhances involvement, choice, and control, as well as improving wellbeing and safety.

In the absence of consent from an individual making a disclosure or to who the information relates, we will take proportionate action aiming to reduce the risk of harm. This may include taking action or sharing information, where there is a necessary duty to do so for safeguarding purposes.

Newport County AFC take all allegations seriously, and will support anyone who in good faith reports their concerns that another person may be abusing a child or adult, even if that concern is proved to be unfounded. The following information will set out how safeguarding concerns are managed, the roles of the stakeholders when managing an allegation, and the thresholds for referrals.

All information relating to safeguarding incidents or concerns are disseminated on a ‘need to know’ basis. Those who need to know are those who have a role to play in protecting children and adults at risk, for example:

- Designated persons (those with specific operational responsibility for safeguarding)
- Statutory authorities (Police and Local Authorities)
- The Disclosure and Barring Service (DBS) who help employers make safer recruitment decisions and stop unsuitable people from working with children and adults at risk.
- Football Authorities, such as the EFL, FA and FAW.

Once a concern/allegation has been reported, the safeguarding team will quickly triage into the following areas:

Level	Criticality	Impact
1	Most severe	High
2	Severe	Med-High
3	Medium	Med-Low
4	Low	Low

**SHOULD A CHILD OR ADULT BE AT IMMEDIATE RISK OF HARM, PLEASE CONTACT THE POLICE ON 999, THEN CONTACT YOUR SAFEGUARDING TEAM ASAP, WITHIN 1 HOUR IF POSSIBLE.**

Timescales for reporting are as follows:

Level	NCAFC Safeguarding Team	Police/Local Authorities	FA	EFL	Record via My Concern
1	Within 1 hour	999 immediately/ Childrens or	SSM to make FA referral within 1 hour	EFL duty on call to be advised within 1 hour	Within 1 hour

		Adults Services to be notified immediately by safeguarding team			
2	Within 1 hour	999 immediately where necessary Childrens or Adults Services to be notified immediately by safeguarding team	SSM to make FA referral within 1 hour	EFL duty on call to be advised within 1 hour	Within 1 hour
3	Within 24 hours	SSM will make contact if required following initial internal enquiry	Will be referred by the SSM if required following an internal enquiry	EFL to be advised if required by the SSM following an internal enquiry	Within 24 hours
4	Within 24 hours	Will be notified by SSM if required following initial internal enquiry	Will be referred by the SSM following an internal enquiry	EFL to be advised if required by the SSM following an internal enquiry	Within 24 hours

All safeguarding concern information is held on our safeguarding software – My Concern, until a time when the information may no longer be deemed necessary to hold. My Concern is a cloud-based software which is password protected and accessible by those working within the Club. Concerns are only accessible by the staff member reporting them, and the safeguarding team, hence on a ‘need to know’ basis. This information can be shared with relevant stakeholders and key partners in relation to the wellbeing and safety of a child or adult at risk.

Newport County AFC is also duty bound to report to the Disclosure and Barring Service (DBS) when we as an employer have removed or dismissed a person from working with adults or children (or would have been if they had not left, resigned, retired, been made redundant or moved to another position) because the person has:

- Been cautioned or convicted for a ‘relevant offence’ - a ‘relevant offence’ for the purpose of referrals to the DBS is an offence that would result in the individual’s automatic inclusion in the children’s or adult’s barred list.
- Engaged in ‘relevant conduct’ - ‘Relevant conduct’ is that which endangers or is likely to endanger children or adults at risk.
- Satisfied the harm test - the harm test is met when an employer believes that an individual may harm, may cause harm, may put at risk of harm, may attempt to harm, or may incite another person to harm a child or adult at risk.

Referrals to the DBS should be made once all investigations and disciplinary actions are complete (even if the person has left employment). Referrals must be made even if a significant period has passed between the allegation and the gathering of evidence to support a decision to make a referral.

This information may then show on an individual's future DBS certificate as softer intelligence, relevant to the role that they may be applying for.

All low-mid level concerns will be managed by Newport County AFC's safeguarding team, with support from relevant external stakeholders and key partners, with appropriate action taken in line with HR guidance. This could result in:

- An internal investigation
- Suspension
- Unfounded/no further action required
- Formal disciplinary procedures
- Disciplinary sanction
- Training, mentoring/supervision, and support
- Dismissal
- More significant concerns could emerge during internal processes that require DBS, statutory, and/or a Football Authority referral.

Should the concern need to escalate to the Football Authority, the EFL will:

- Provide support and guidance
- Have oversight and work with Newport County AFC to ensure that internal procedures and football regulations are followed
- The Club led investigation is shared with the football authorities
- Work with the club to ensure that learning outcomes are implemented to mitigate the risk of recurrence
- Share anonymised learning from cases to strengthen safeguarding provision.

The FA will:

- Investigate (cases that meet their thresholds)
- Risk assess to determine whether the individual poses or may pose a risk of harm
- Consider mandating training, mentoring or supervision order
- Interim or permanent suspension.

Should a supporter pose a risk of harm to a child or adult at risk, they may be at risk of the following:

- A club investigation
- Referral to the police and local authorities
- Referral where necessary to the DBS service
- A banning order.

Should any of the allegations or concerns need statutory intervention under the Wales Safeguarding Procedures, any internal investigation at Newport County AFC will be put on hold until the investigation is complete. During that time, we will be unable to share the outcome of the investigation as we also have a duty of confidentiality to the person being investigated.

## Managing a concern

- React calmly so as not to alarm the child or adult who is disclosing to you.
- Tell the person that they are not to blame and that they have done the right thing by talking to someone.
- Always treat concerns and allegations seriously, it is not up to you to decide if they are telling the truth.
- If the child or adult at risk needs immediate medical treatment, if trained, please administer first aid, and ask a colleague to telephone emergency services on 999 for an ambulance and the police if the child/adult is at immediate risk. Contact the parents/carers/next of kin only if this does not place the child/adult at further risk.
- If no medical transport is available, please ensure that you are accompanied by another member of staff, and take the person directly to hospital, if this is in their best interests. Inform doctors of the safeguarding concerns and ensure that they are aware that this is a child protection or adult at risk issue.
- If the child/adult has named the parent/carer/next of kin as the abuser, then please contact the police and the NCAFC on-call Senior Safeguarding Manager. If they are not available, please contact the children/adult services team out of hours contact.
- Always ensure the immediate safety of the young person/adult. If you are not sure what to do, please call the on-call Newport County AFC safeguarding team member immediately.
- When receiving a disclosure, it is vital that you document in the person's own words what has been said using pen and paper or the Club's My Concern safeguarding software and make a note of any actions that you have taken as a result of the disclosure.
- Please do not use leading questions, instead use TEDs PIE
  - Tell Me
  - Explain for me
  - Describe for me
  - Show Me
  
  - Precisely
  - In Detail
  - Exactly
- Re-assure the child or adult, but do not make promises of confidentiality or outcome, which might not be feasible in light of subsequent developments.
- In the event of suspicion of sexual abuse, do not let the person bathe or shower until given permission to do so. Washing can destroy vital evidence.

Peer on peer abuse must be dealt with by normal protection procedures. Any such allegation should be reported immediately to the NCAFC on-call Senior Safeguarding Manager, who will in turn liaise with the Club and relevant authorities such as Children's Services and the EFL as to whether the alleged abuser should continue with the Club activities because of the risk they may pose to others.

If the child or adult is at immediate risk, please contact the police immediately on 999.

Employees may be worried that by reporting such issues they will be opening themselves up to victimisation, detriment or risking their job security. However, all staff are protected by law if they raise concerns in the right way. Provided they are acting in good faith, it does not matter if they are

mistaken. By knowing about malpractice at an early stage, Newport County AFC stands a good chance of taking the necessary steps to safeguard the interests of all staff and protect the organisation. In short, please do not hesitate to 'blow the whistle' on malpractice.
